Selection Criteria

This program will create a Planning Schedule for each item in the range entered. The first interval date will be equal to or greater than the Starting date.

Quantities are based on current

Starting Date: 01/22/07

Starting Vendor:

Ending Vendor:

Use Vendor Control

Print Created Releases

Page Per Page

Submit to Job Queue

You have selected ALL vendors to create schedules for.

red then ALL is

Press < F1 > to continue or any other key to abort.

proceed.

Press < F7 > or < F24 > to end the program.

Enter Information

F1=Proceed

F7=Go Back

F24=End

START DATE SHOULD ALWAYS BE MONDAY FOR THE WEEK YOU WILL GENERATE SCHEDULES.

PRESSING F1 WILL CREATE SCHEDULES FOR ALL VENDORS THAT HAVE ACTIVE PURCHASE ORDERS.

Program Parameters

All New: N (Y/N)
 Starting Vendor: PE0002
 Ending Vendor: PE0002
 Starting Buyer:
 Ending Buyer:
 Release Number:
 Print SCD Type: N (Y/N)
 Report Type: S (S)ummary/(D)etail
 Print Only: Y (Y/N)
 Print only non EDI: N (Y/N)
 If Detail,

This program prints Vendor Planning Schedules. Summary puts multiple parts per page and Detail puts each part on a separate page. Ranges left blank mean all. Release # left blank means current. All New means all unprinted.
 Print Only flag set to (N) indicates a spool file is to generate for Faxing in Fax output Queue.

Starting Part #:
 Ending Part #:

Press < F1 > to proceed.
